FAREWELL TO AIR MARSHAL MULK RAJ

Air Marshal Mulk Raj, DMS (Air) President of our Aero Medical Society retired on 31 Aug 84 after 36 years of meritorious service. He joined the IAF in Aug 1948 and held posts as Squadron Medical Officer for many years. There he evinced a special interest in the aviators problems and did much to modernise the concept of 'human factors in flight safety'. In recognition of his service the Government of India honoured him with AVSM in Jan 1979 and later with PVSM in Jan 1981.

DMS (Air) with his staff officers

He took over the reins of our Society on 01 April 1980, and till his retirement performed Yeoman service in furthering our interests and our aims. We gratefully acknowledge his contributions and wish him all the best in his retirement.

Air Marshal PS Bajwa (Air) has taken over as the President of our Aero Medical Society from 01 Sept 1984. We are sure that under his able guidance the Society shall flourish and we assure him of our unstinted support.
