

Cumulative Index

CONTENTS OF JOURNAL OF AERO MEDICAL SOCIETY OF INDIA (AVIATION MEDICINE)
VOLUME 1 TO VOLUME 22 (1954-1978)

Volume I	APRIL 1954	Number 1	Volume II	APRIL 1955	Number 1
The Scope of Aviation Medicine in India— <i>Wg Cdr M M Shrinagesh</i>		1	Effects of Training on the Ability to recognise objects moving at high speed— <i>Sqn Ldr B Bhatta</i>		1
Development of Anti 'G' Valve— <i>Sqn Ldr A K Basu</i>		9	Selection of IAF Personnel— <i>Dr Sohan Lal Ph.D</i>		8
Medical Standards of Fitness— <i>Wg Cdr R Arunachalam</i>		19	Some limiting factors in dive bombing— <i>Wg Cdr M M Shrinagesh</i>		10
Human Factors in Aircraft Accidents— <i>Dr W T V Adiseshiah</i>		28	Epidemiology of Air Travel— <i>Sqn Ldr J K Sehgal</i>		19
Penicillin Sensitivity: A Case Report— <i>Sqn Ldr D N Gupta</i>		38	Effect of speed and load on the Psychomotor performance of signal operators— <i>Dr W T V Adiseshiah, MA Ph D</i>		26
Acclimatization to Heat and Tropical Fatigue among Air Force Personnel— <i>Sqn Ldr M K Mookerjee and Mr R N Sharma</i>		44			
Para Medical Aid— <i>Sqn Ldr C B J Alexander</i>		50	Volume III	APRIL 1956	Number 1
Binocular Vision. Some aspects in relation to Aviation— <i>Sqn Ldr T. G. Jones</i>		57	Psychological aspects of Instructor Pupil-pilot relationship — <i>Wg Cdr M Y Aturkar</i>		1
			Intravenous injection of oxygen— <i>Professor Inderjit Singh, Ph. D.</i>		4
			Effects of changes in pointer shapes on speed and accuracy in altimeter reading— <i>Dr W T V Adiseshiah and Shri M S Prakash Rao</i>		8
Volume I	OCTOBER 1954	Number 2	Modern trends in Aviation Medicine— <i>Wg Cdr M M Shrinagesh</i>		17
Role of Medical Officer in the IAF— <i>Wg Cdr Ajit Nath</i>		1	Studies on retinal sensitivity shortly after take-off in darkness— <i>Sqn Ldr T G Jones and Sqn Ldr B Bhatta</i>		24
Penicillin Sensitivity— <i>Col R C Wats</i>		10	Body measurement in relation to cockpit design— <i>Sqn Ldr M K Mookerjee and Shri M N Bhat-tacharya</i>		32
Srinagar to Leli— <i>Wg Cdr M M Shrinagesh</i>		12	Medical aspects of paratrooper training— <i>Sqn Ldr C B J Alexander</i>		38
Physiological Compensatory Mechanisms— <i>Sqn Ldr B K Ghose</i>		18	✓ Vicount depressurisation— <i>British European Airways Report</i>		48
Psychological Stresses and Reactions to Flying— <i>Sqn Ldr H Lakshminarayan</i>		28			63
Variation of Blood Glucose in Man at Simulated Altitudes between 10,000 ft and 30,000 ft in Decompression Chamber— <i>Sqn Ldr M K Mookerjee</i>		37			

Volume IV	DECEMBER 1957	Number 1	The medical evaluation of aircraft— <i>Flt Lt N C Sarkar</i>	60
Aviation Medicine Research— <i>Prof D S Kothari</i>			1	
Some problems of Military Aviation— <i>Air Commodore Arjun Singh, DEC</i>			4	
Post decompression shock (A Case Report)— <i>Flt Lt K K Majumdar</i>			9	
Unconsciousness in Flight (A Case Report)— <i>Sqn Ldr P S Bajwa</i>			15	
Some personal factors in Flying Training— <i>Flt Lt S Roy</i>			19	
Hypoxia helped— <i>Wg Cdr M M Shrinagesh</i>			24	
Volume V	JULY 1960	Number 1		
Physiological Problems at high pressure— <i>Prof J B S Haldane, F N I F R S</i>			1	
Stimulus-response compatibility and stress effects in a one dimensional compensatory tracking task— <i>H C Ganguli</i>			11	
Human problems of escape from Jet aircraft— <i>Wg Cdr Ajit Nath</i>			17	
Psychological tests as aids to diagnosis in Neurology (A Case Study)— <i>Sqn Ldr K N Kothaneth</i>			27	
The alveolar equation— <i>Gp Capt M M Shrinagesh</i>			30	
Dietary fats & coronary disease— <i>Sqn Ldr J K Sehgal</i>			34	
Volume VI	OCTOBER 1961	Number 1		
The role of the Air Force Medical Officer in the Flying Safety Programme— <i>Gp Capt N K Shitoley</i>			3	
Biomedical aspects of orbital and suborbital flights— <i>C A Verghese</i>			9	
Body measurements and critical dimensions of single seat fighter cockpit for IAF— <i>Sqn Ldr Mulk Raj</i>			19	
A review of ophthalmic examinations carried out at AF Central Medical Establishment— <i>Sqn Ldr T G Jones MC</i>			39	
Preliminary investigations on B M R and body fat estimations of subjects exposed to high intensity sound— <i>G S Nair and C A Verghese</i>			55	
			Case Reports—	
			A case of inspiratory valve leak in a pressure breathing mask (AT3A1)— <i>Sqn Ldr B Bhatia</i>	69
			An unusual case of deafness— <i>Sqn Ldr V S N Murty</i>	74
Volume VII	APRIL 1962	Number 1		
Experiences in the mountains— <i>Sqn Ldr N S Bhagwanani</i>			3	
The influence of different spectral wavelengths on rods and cone sensitivity under condition of low illumination— <i>Surg Lt Cdr P R K Nair</i>			13	
Effects of breathing 100% oxygen at ground level on blood clotting time and platelet count— <i>C S Nair</i>			25	
A review of ophthalmic examinations carried out at AF Central Medical Establishment—II. Analysis of the Ocular Muscle Balance tests— <i>Wg Cdr T G Jones</i>			31	
Management of episodic unconsciousness—A Review— <i>Wg Cdr D N Gupta</i>			44	
Decompression. Testing of Aircrew— <i>Wg Cdr H N Dutta</i>			52	
Volume VIII	OCTOBER 1963	Number 1		
Psychological factors in ejection— <i>Sqn Ldr S K Mukerjee</i>			1	
Effects of hypoxia on dark adapted visual threshold in diabetes— <i>Sqn Ldr P M Sundaram</i>			7	
The electronic techniques for physiological measurements and biological analysis/research— <i>Sqn Ldr N Mohan Muralt</i>			18	
On the assessment of ejection characteristics of personal survival packs— <i>Dr C A Verghese</i>			33	
Recording techniques in aerospace medicine— <i>Sqn Ldr K K Majumdar and Dr C A Verghese</i>			38	
Volume IX	OCTOBER 1965	Number 1		
Medical Research in the Defence Services— <i>Lt Gen C C Kapila</i>			1	

Observation on Blood Pressure changes during short term heat exposure (A preliminary Report)—*Sqn Ldr K C Sinha, Dr C A Verghese, C S Nair.*

Noise and its effects on hearing—*Wg Cdr VSN Murty*

✓ Analysis of noise of some jet aircraft of IAF—*Wg Cdr VSN Murty*

Effect of positive acceleration (G-forces) on plasma ACTH level of rats—*S L Goswami, R K Gupta, and Harshvardhan*

Individual differences in noise susceptibility - A correlative study—*Shri M S Prakash Rao, Wg Cdr VSN Murty*

Periodic disturbances of the Autonomic Nervous system (A case report)—*Wg Cdr K N Kothaneth*

Injury dynamics in the Assessment of Human activities during a crash—*Wg Cdr S P Verma*

Volume X OCTOBER 1967 Number 1

The scope of Aero-Medicine in India—*Dr C G Pandit*

Aviator's Vertigo—A cause of fatal aircraft accidents—*Air Commodore M M Shrinagesh*

Histo-Pathological analysis of fatal aircraft accident cases in IAF—*Wg Cdr A K Basu*

Effect of altitude on night vision and ocular muscle balance—*Gp Capt T G Jones*

Incidence of upper respiratory illnesses amongst flight cadets of a Jet Training Base—*Sqn Ldr P M Sundaram*

Human engineering in fighter aircraft cockpit design (Review Article)—*Wg Cdr S P Verma*

Ultrasonics in Medicine (Review Article)—*Sqn Ldr N Mohan Murali*

Unusual injuries in an unassisted escape from aircraft—(A case report)—*Air Vice Marshal S N Chatterjee and Wg Cdr J S Sant*

A case of ejection injury (A case report)—*Wg Cdr R P Dhawan and Flt Lt K V S Mani*

Aerodontalgia due to periodontal pockets (A case report)—*Wg Cdr J M Rao and Sqn Ldr K Rajan*

Volume XI OCTOBER 1968 Number 1

✓ Determination of heat susceptibility and heat tolerance—*A new index, Dr C A Verghese, Sqn Ldr K C Sinha and Shri C S Nair.*

21 A nomogram for aircraft rudder pedal design—*Wg Cdr S P Verma and Dr C A Verghese.*

29 Evaluation of cases of head injury in aircrew—*Wg Cdr H Lakshminarayan.*

37 Blood pressure fluctuation in a case of multiple extra systoles as observed in tilt table studies (A case report)—*Sqn Ldr KC Sinha, C A Verghese and Shri C S Nair.*

47 Ocular injuries sustained during bale out from a Vampire aircraft (A case report)—*Sqn Ldr J N Singha*

53 Aeromedical evaluation of aircrew following partial gastrectomy (A case report)—*Wg Cdr S Krishnamurti and Sqn Ldr P C Chatterjee*

56 Spatial disorientation in a jet fighter pilot (A case report)—*Wg Cdr V S N Murty.*

Volume XII OCTOBER 1969 Number 1

15 Studies on recovery from heat induced physiological strain—*Dr C A Verghese, Sqn Ldr K C Sinha, Shri K V Mani*

25 The incidence of refractive errors and their relationship to visual acuity—*Gp Capt T G Jones*

33 ✓ Effects of pre-cooling on heat tolerance and estimation of pre-cooling requirements—*Sqn Ldr K C Sinha and Dr C A Verghese*

47 Disorders of carbohydrate metabolism in cases of head injury—*Sqn Ldr K C Sinha and Wg Cdr H Lakshminarayan*

54 Some feed back control systems of the human body—*Sqn Ldr N Mohan Murali.*

64 Ballistocardiography—*Sqn Ldr P C Chatterjee and Wg Cdr S Krishnamurti*

75 Role of hyperbaric oxygen therapy in peripheral arterial disease—*Wg Cdr M L Wadhawan, Sqn Ldr P C Chatterjee and Wg Cdr K K Majumder*

84

Otitic barotrauma with bilateral perforations
Wg Cdr V S N Murty 62

Volume XIII OCTOBER 1970 Number 1

Noise and its implications with the Indian Air Force—*Wg Cdr V S N Murty and Dr C A Verghese* 1

Recording of 12 lead ECG during exercise—*Sqn Ldr N Mohan Murali* 12

Electro encephalographic examination of healthy aircrew—*Sqn Ldr V Kumar* 22

Functional assessment of orthoptadic disabilities in aircrew—*Wg Cdr S P Verma and Sqn Ldr P C Sharda* 26

Use of tolerance tests in assessment of fitness after cranio-cerebral incidents—*Wg Cdr H Lakshminarayan* 31

Hyperbaric oxygen therapy in chronic peripheral vascular disease—*Wg Cdr M L Wadhawan, Sqn Ldr P C Chatterjee and Wg Cdr A K Basu* 35

Episode of unconsciousness in a jet fighter pilot— (A case report)—*Sqn Ldr P M Sundaram and Wg Cdr P S Bajwa* 44

Rescue and evacuation of casualties from thick jungle (A suggestion)—*Flt Lt Hemraj Garg* 50

Volume XIV OCTOBER 1971 Number 1

Effects of positive acceleration on the electrocardiogram—*Sqn Ldr P M Sundaram, Wg Cdr S Krishnamurti and Sqn Ldr V Singh* 1

Evaluation of impact protection of crash helmets—*Dr CA Verghese, Flt Lt P K Ghosh and Shri B V S Shetty* 12

Cardiovascular responses in pressure breathing—*Wg Cdr M L Wadhawan and Shri P L N Rao* 18

Some aspects of space ecology and physiology—*Dr B K Anand* 24

Challenge of space and space research activities in India—*Shri HGS Murthy* 30

An episode of disorientation in Flight— (A case Report)—*Wg Cdr V S N Murty* 36

Rapid decompression in a supersonic trainer aircraft— (A case report)—*Flt Lt M B Dikshit* 42

Volume XV OCTOBER 1972 Number 1

Assessment of distortion of wind shields—*Dr C A Verghese* 1

Rehabilitation of cases of ischaemic heart disease in Armed Forces—*Maj Gen Inder Singh* 6

Control of diabetes—*Maj Gen Inder Singh* 14

Clinical trials of hyperbaric medicine at IAM—*Wg Cdr M L Wadhawan* 21

Inter relationship between R Q₂, blood sugar and blood pyruvate levels— After glucose loading in young healthy subjects—*Wg Cdr K C Sinha, Shri K V Mani and Shri E M Iyer* 30

A pilot study of electro-encephalography under brieftal sodium—*Wg Cdr K R Banerjee, Wg Cdr A K Sen and Miss K Prabha* 45

Fatal aircraft accidents associated with fire—*Wg Cdr G N Kunzru* 51

Decompression sickness with neurocirculatory manifestations (A case report)—*Wg Cdr K S Rao* 54

Otitic barotrauma in a high performance aircraft pilot (A case report)—*Flt Lt M B Dikshit* 68

Through canopy ejection (A case report) *Wg Cdr S P Verma and Sqn Ldr P C Sharda* 74

Volume XVI OCTOBER 1973 Number 1

Biodynamics of ejection— A resume of applied studies at Institute of Aviation Medicine—*Dr CA Verghese* 1

A study of respiratory modulation of cardiac inter beat interval—*Wg Cdr PC Chatterjee* 10

Electrocardiographic abnormalities in normal and apparently normal individuals—*Dr Rustom Jal Vakil* 18

Effects of propranolol on the ECG changes during positive acceleration (+ Gz)—*Sqn Ldr Kuldeep Rai and Sqn Ldr SK Dham* 23

Current trends in drug addiction—*Gp Capt J K Sehgal* 37

Drug addiction — Etiology, complications and management— <i>Dr A S Mahal</i>	42
Drugs and related administrative problems in Defence Services— <i>Air Commodore SK Majumdar</i>	47
Human Engineering in cockpit design— <i>Wg Cdr IM Chopra</i>	51
Aircraft ejection injury patterns and trends in IAF 1957 to 1972— <i>Gp Capt S P Verma, and Flt Lt A Roy Choudhury</i>	57
Wolff Parkinson — White syndrome (A case report)— <i>Sqn Ldr S K Dham, Lt Col N R Krishnan and Surg Capt C Kuppaswamy.</i>	64

Volume XVII APRIL 1974 Number 1

Operational needs and aeromedical research <i>Air Chief Marshal OP Mehra</i>	4
Current research in Aviation Medicine in the Royal Air Force— <i>Gp Capt Peter Howard</i>	6
Ictal and electroencephalographic sequelae of head injuries— <i>Dharampal, S N Pathak, P N Tandon and Baldev Singh</i>	29
Neurological sequelae of spinal injury — <i>K S Mani</i>	35
Therapeutic value of hyperbaric oxygen in peripheral vascular disease— <i>Wg Cdr P C Chatterjee, Lt Col M K Ghosh, Wg Cdr P N Bhargava, Sqn Ldr N M Tikkekar, Sqn Ldr P K Halder, Sqn Ldr M B Dikshit, Sqn Ldr N C Sarkar and Col J S Bains</i>	40
Scope and limitations of hyperbaric oxygen therapy— <i>Brigadier Rasamay Ganguly</i>	48
250 KHZ electrical impedance pneumograph — <i>Gp Capt S P Verma, Sgt A V Ramon and Cpl P Mathews</i>	54
Direction of normal repolarization in Atria and ventricles—An analysis based on their pumping action— <i>Wg Cdr N Mohan Murali</i>	60
EEG studies in pilots flying High performance aircraft— <i>Wg Cdr K R Banerjee, Miss K Prabha and Shri P L N Rao</i>	67
Alcohol and flying— <i>Wg Cdr G N Kunzru</i>	76
Medical services for our Airlines— <i>B B Guha Thakurta</i>	84

Volume XVIII JUNE 1975 Number 1

The values of Aviation Medicine in the changing world— <i>Air Vice Marshal M M Shrinagesh, PVSM AVSM (Retd)</i>	4
Role of exercise in prevention of ischaemic heart disease— <i>Lt Col P K Khanna, VSM and Lt Gen RS Hoon PVSM, AVSM</i>	13
Symposium on "ALCOHOL AND FLYING" Physiology of alcohol— <i>Gp Capt K S Rao</i>	16
Psychological aspects of alcoholism— <i>Wg Cdr K R Banerjee</i>	20
Chronic alcoholism— <i>Wg Cdr G N Kunzru</i>	23
Alcohol and operational performance— <i>Wg Cdr P K Dey, AVSM</i>	26
Alcohol and flight safety— <i>Wg Cdr D E Satav, VM</i>	28
Review on alcohol and flying— <i>Gp Capt KS Rao</i>	30
Risk factors in ischaemic heart disease— <i>Surg Capt G Kuppaswamy, VSM IN</i>	31
A strain gauge transducer for measuring physiological pressures— <i>Ved Ram Singh and R Prasad</i>	35
Clinical Aviation Medicine—Post traumatic epilepsy in a Transport Pilot A case Report — <i>Sqn Ldr S K Dham, Gp Capt K S Rao and Wg Cdr K R Banerjee</i>	38

Volume XIX DECEMBER 1975 Number 2

Ventilatory pulse index—A new index for physical fitness— <i>Wg Cdr K C Sinha V S M and Mr EM Iyer</i>	6
Head injury cases—A follow up of EEG's— <i>Air Commodore K S Rao, AV S M, Wg Cdr K R Banerjee and Sqn Ldr S K Dham</i>	12
Acoustic trauma amongst jet aircraft maintenance personnel— <i>Gp Capt V S N Murty, Shri P L N Rao and Shri S I. Keshava</i>	16
Toxicology in fatal aircraft accident investigation — <i>Wg Cdr G N Kunzru</i>	23
Procedure for ejection seat pull-out trials— <i>Wg Cdr P C Sharda</i>	28

Selection of a Basic fabric for flying clothing in tropical climates— <i>Mr G C Dutta and Gp Capt J S Sant</i>	33	Analysis of scalp EEG in normal controls— <i>Dr K S Mani, Geetha Rangan and D K Subba Krishnan</i>	15
A case of low G threshold in a trainee fighter pilot—A Case Report— <i>Wg Cdr P M Sundaram and Sqn Ldr Kuldi p Rai</i>	39	The U wave of the electrocardiogram— <i>Gp Capt S Krishnamurti and Major C M Khanna</i>	19
Lown-Ganong-Levine Syndrome —A case report <i>Sqn Ldr M Akhtar, Surg Cmde G Kuppuswamy, V S M, I N and Sqn Ldr V M Alurkar</i>	43	The present disability pattern in aircrew— <i>Gp Capt J S Sant</i>	24
Volume XX JUNE 1976 Number 1		Aircrew selection procedures in IAF— <i>Gp Capt W Blazey</i>	28
Metabolic intermediates and assessment of diabetes mellitus— <i>Wg Cdr KC Sinha, VSM, EM Iyer and S Suryanarayana</i>	1	Flying accident trends and preventive measures <i>Gp Capt P S George</i>	34
Changes in orthostatic tolerance during short duration mild hypoxia— <i>Sqn Ldr MB Dikshit and Wg Cdr PC Chatterjee</i>	9	Volume XXI JUNE-DECEMBER 1977 Number 1 & 2	
EEG studies during +Gz acceleration in human centrifuge— <i>Sqn Ldr Kuldi p Rai, Wg Cdr KR Banerjee and Miss K Prabha</i>	15	Twenty-five years of the Society— <i>Air Vice Marshal D N Gupta, AVSM PHS</i>	1
Heat stress in maritime reconnaissance sorties — <i>Wg Cdr NS Bhagwanani, AVSM VSM</i>	21	Dynamic response index under short acting forces— <i>Dr C A Verghese</i>	4
Catapult ejection forces in the abnormal vertebral column—A Review of hazards— <i>Air Commodore SP Verma VM and Wg Cdr PC Sharda</i>	23	Effects of diuretics on +Gz tolerance and biochemical parameters— <i>Wg Cdr Kuldi p Rai, Sqn Ldr S K Adaval, Sqn Ldr M Akhtar, Sqn Ldr Randhir Singh and Shri N K Maruthi Ram</i>	9
Post traumatic epilepsy— <i>Prof A Earl Walker</i>	32	Empty stomach and tolerance to hypoxia and +Gz forces— <i>Wg Cdr P C Chatterjee and Sqn Ldr (Mrs) P Bandopadhyaya, VSM</i>	19
Mechanisms and tolerance of spinal injury—Experimental investigation and analytical modelling— <i>PD Joseph and Dhanjoo N Ghista</i>	39	Visual acuity under low frequency vibrations — <i>Sqn Ldr S P Kapoor</i>	24
Oral hypoglycemic agents in asymptomatic latent chemical diabetes mellitus (Retrospective study) <i>Sqn Ldr SK Dham, Gp Capt S Krishnamurti and Wg Cdr GN Kunzru</i>	47	A comparative study on blood and urine ethanol levels— <i>Sqn Ldr S K Adaval and Shri N K Maruthi Ram</i>	31
Sick sinus syndrome—Case reports— <i>Sqn Ldr M Akhtar and Surg Cmde G Kuppuswamy, VSM IN</i>	51	Magnitude and incidence of +Gz in a modern fighter aircraft in its different combat roles — <i>Flt Lt Bhupinder Singh and Wg Cdr Kuldi p Rai</i>	35
Volume XX DECEMBER 1976 Number 2		Application of VPI as a diagnostic aid to ECG abnormalities in flying personnel— <i>Wg Cdr K C Sinha, Shri E M Iyer and Shri S Suryanarayana</i>	40
The dynamics of brain mechanisms in Neurological dysfunction during flying— <i>Dr Baldev Singh</i>	7	Incidence of binocular single vision (BSV) anomalies amongst aircrew in IAF— <i>Wg Cdr J N Singha</i>	49
Focal myocarditis in a pilot involved in a fatal aircraft accident— <i>Sqn Ldr S K Adaval, Sqn Ldr M Akhtar and Gp Capt G N Kunzru</i>	12	Aeromedical acceptability of 'G' loaded visors — <i>Dr C A Verghese, Wg Cdr P M Sundaram, Sqn Ldr S G Reddy, Sqn Ldr R R Kapur and Shri B R Sessa</i>	54

Epidemiology of ischaemic heart disease amongst Indian Air Force Personnel; An analysis of cases: 1969-75 — <i>Air Commodore J K Sehgal and Shri T C S R Sarma</i>	57	Role of squadron medical officer — An appraisal by the Air Staff — <i>Air Vice Marshal S Jena, AVSM, VM</i>	18
Correlation of binocular vision test results with synaptophore evaluation — <i>Sqn Ldr S K Goel</i>	63	Disability pattern in aircrew — <i>Sqn Ldr K P Hegde</i>	20
Effects of electrolyte ingestion on the heat induced physiological strain parameters during exposure to acute heat and recovery — <i>Shri P K Banerjee, Sqn Ldr S P Sastry and Shri E M Iyer</i>	66	Obesity and flying fitness — <i>Air Commodore S Krishnamurti</i>	24
Hypoxia tolerance studies in aircrew with sickle cell trait; A case report — <i>Sqn Ldr G S Nayar, Sqn Ldr S K Adaval and Wg Cdr P C Chatterjee</i>	77	Accident injuries and flying fitness — <i>Wg Cdr U S Pruthi, VM</i>	28
Carbon monoxide poisoning in a fatal aircraft accident: A case report — <i>Sqn Ldr R R Kapur, Sqn Ldr S K Adaval and Gp Capt G N Kunzru</i>	82	Ageing and flying fitness — <i>Gp Capt M L Wadhawan</i>	31
Volume XXII JUNE 1978 Number 1		Electrocardiographic disabilities in Air Force Personnel — <i>Maj Gen J C Chatterjee, Lt Col B K Das and Sqn Ldr M Akhtar</i>	34
Air Marshal Subroto Mukherjee memorial oration, 1977 Incidence of cardiovascular problems among flying personnel and their evaluation — <i>Lt Gen R S Hoon, PVSM, AVSM (Retd.)</i>	3	Civil Aviation and Flight Safety Symposium Aircrew health maintenance programme in Airlines — <i>Dr Vijai Kumar, Dr B K Palit, Dr S K Puri, Dr A Mukherjee, Dr D L Borde, Dr R Chaudhry and Capt P S Engineer</i>	42
Aircrew maintenance and flying fitness symposium Ensuring medical fitness on entry and during service in aircrew in IAF — <i>Air Commodore J S Sant</i>	9	Selection and Training of Cabin crew in Airlines — <i>Mrs H Sahney</i>	44
Aeromedical indoctrination of aircrew — <i>Gp Capt K K Majumder</i>	13	Disability pattern amongst Civil Aircrew — <i>Gp Capt S K Mukherjee and Sqn Ldr V K Seth</i>	46
Aircrew care at squadron level — <i>Sqn Ldr J S Kulkarni</i>	51	Human error accidents — Some case studies — <i>Shri V Chellappa</i>	50
		Human aspects in Air Safety — <i>Shri K B Ganeshan</i>	52
		Medical maintenance of Civil Aircrew — <i>Gp Capt S K Mukherjee</i>	56
		Cases of probable Acro Otitis Interna — <i>Lt Col K J S Ahulwalia and Lt Col H K Agarwal</i>	58

Subject Index of Articles published in 'Aviation Medicine' from 1954-1976 has been published in Volume 21—June-December 1977, Number 1 & 2, page 111 to 123.
