

Editorial

The release of this issue of Journal coincides with the 2 Annual Meeting of the Aero Medical Society of India being held Bangalore on the 20th and 21st January 1983.

The year 1982 has been a turning point in the history of Aviation Medicine in India with our entry into the field of Space Medicine. The Society and the Journal look forward to rapid developments in Aero Space Medicine in our country.

We wish all our readers a very happy new year.
