

The Fellowship of the Aero Medical Society of India

THE Society has instituted 'FELLOWSHIP' for the first time. Fellows shall be elected from among those members who have at least five years standing in the field of Aviation Medicine and have made significant, outstanding contributions to the discipline of Aviation Medicine.

The Executive Committee have elected 17 Fellows during this year. We congratulate the following new fellows:

Most of the above fellows have been associated with the Society from its very inception and have contributed to the growth and development of the Society. It is due to their pioneering efforts that the Society has attained the status it has today.

In future, admission to the Fellowship will be by elections. Every candidate shall be proposed and seconded by a statement in writing signed by at least two existing Fellows. The statement shall be forwarded to the President of the Society once a year by 31st of JULY. These proposals will be circulated to all Fellows of the Society for their votes for or against the candidate. If one fourth or more of the Fellows object to any candidate, he will not be elected. The names of those elected finally will be announced at the General Body meeting by the President. A scroll signed personally by the President will be issued to the elected Fellows who will be entitled to use the title in abbreviation 'F. Ae. M. S.'"
